AD Enclosure - MI-13
Search and Secure Procedure

MI-12 Service Building

③ ■ Interlock
Box #1

MI-13
Hatch

②

①

1) "**A**" & "**B**", with a confine space permit, proceed to the MI-13 hatch.
2) "**A**" searches the bottom while "**B**" waits on top.
3) After verifying the enclosure hatch is closed and locked, "**A**" & "**B**"
   proceed to the MI12 Service building to reset Interlock Box #1.

   Note: The enter keys also serve as reset keys for Interlock box #1.
